COVER FALCON: Dean Combs

Dean and Eva Combs of Maryville, Missouri sent this photo of his Falcon. It is parked at the service station which Dean built on their property.

Falcon Photos of all types and from all angles are sought for the 2001 Falcon Photo Contest — see below.

2001 Falcon Photo Contest

"Do you have a photo of your Falcon that you think should be on the cover of The Falcon National News?"

Send your high quality color photos to the Editor at the address on this page. Winner will be published on the cover of the December 2001 issue. Include a postpaid return envelope if you want your photos back.

Starting a New Chapter - If you want to explore the possibility of starting or reactivating an FCA Chapter in your area, contact Chapter Coordinator Jan Brown, 4147 WCR 31, Ft. Lupton, CO 80621 — 303-857-9360. Send a notice to the Editor of the Falcon News for publication in the next issue. List your correct address and phone for contact information.

ADDRESS CHANGING?

NOT RECEIVING YOUR NEWSLETTER? NEED TO RENEW YOUR MEMBERSHIP?

Please address all membership concerns and questions to Ruby Throgmorton, Corresponding Secretary. Her address is on page 2 of every issue of the Falcon National News. Her email address: RubyRTFCA@aol.com

President's Message

The National Meet is as much a family vacation and family reunion as it is a car show. If you have never been to a National Meet, there is no better time to start than today. If you have not yet signed up for the National Meet in Hartford/Farmington there is still time, but things are filling up fast. Ray Chevalier and the Northeast Chapter really have a great time planned for all. If you have never been to the Northeast, this is your chance. It promises to be an exciting time!

Carol and I are starting to make our list of the essentials needed for our Falcon trek to Farmington. Have you begun to prepare for your trip? Don't forget your various Falcon contacts along the way. Club members are always willing to lend a helping hand should your trusty Falcon have a problem.

Don't forget that at each National Meet, we have a business meeting on Saturday afternoon, open to all members and their families. It's your opportunity to acquaint yourself with all the club officers as well as many of the board members and to exercise your voting privileges. I encourage you to read the minutes of last year's business meeting, published in our newsletter. See more details about the Convention throughout this issue of *The Falcon National News*.

Carol and I look forward to seeing old friends and meeting many more of our club's membership. Have a fun and safe trip — We'll see you there!

Happy Falconing,

Steve and Carol

Editor's Note

We're doing it again! — wcrosby.com

I can't believe a whole year has almost gone by since last year's FCA Convention in California. It was our first big road trip since Jim finished his restoration and we uploaded our adventures daily to my website at www.wcrosby.com. We had great fun and an overwhelming response to our chronicles of the Falcon trip to the Convention and the Convention itself — over 6500 hits and counting!

We have sent in our registration forms for this year's National, which is being held in my childhood home of New England. There are lots of things we're looking forward to, especially eating lots of seafood. As usual we will be on the lookout for all sorts of interesting things along the way to put on the website at www.wcrosby.com. The link from the newly updated FCA National site is in place and Chapter websites feel free to add a link to <http://www.wcrosby.com>. See you on the way to the convention beginning about July 10. If you can't make it to the Convention, you can just take a virtual vacation and follow along on the web. Ain't technology great?

Special Issues — Coming Soon!

Women of the FCA — We know there are lots of girls out there who are as totally into their Falcons as any guy. Girls, send us a photo or two of yourself and your Falcon and tell us about your Falcon experiences. Guys, feel free to send in a photo and description of your favorite Falcon Woman of the FCA.

Before and After — Finished your restoration? Paint job? Modification? Send photos of the car before and after the work was done and a brief description of what was involved and how long it took.

Then and Now — Do you have old photos of you and your first (second, ...) Falcon? And photos of yourself and your Falcon now? We'd love to see 'em. It doesn't matter if the cars (and the people!) have changed... Send originals (or a copy) and a stamped self addressed envelope to ensure their return. Email hi-res JPEG files to wcrosby63@earthlink.net

Wendy

2001 Falcon National Convention — Cromwell, Connecticut

CALENDAR OF EVENTS

July 11, 12, 13, 14, 2001

FALCON CLUB OF AMERICA MEMBERSHIP APPLICATION

We are the **THE FALCON CLUB OF AMERICA** and
we are **STRONG** in our conviction and dedication.

WHY A FALCON CLUB?

FCA was formed to band together owners of the Falcon automobile to provide an exchange of ideas, technical information, amusing reminiscences and the availability of parts (often at a substantial discount). Lasting friendships are formed through local get-togethers and at the Club's National Meet each year.

WHAT MEMBERSHIP MEANS

Whether your Falcon serves as everyday transportation, a relaxing plaything, or both, you'll find valuable help in your preservation and restoration as well as interesting facts and information from the Club and many fellow Club Members.

Our Newsletter, "**THE FALCON NEWS**" is sent out

each month to all the Club's Members and contains information so valuable you will want to file it away for future reference.

WHO BELONGS?

FCA has people of all ages — from retired folks to teenagers still in school. Among our members are men and women of all professions; individuals who could certainly afford more costly or newer cars if they chose.

PREMIUM PACKET

Every new member receives a New Member Packet upon payment of dues. This includes a personal membership card, Falcon Club cards to pass out to others who might be interested in the Club, and a copy of the latest Newsletter.

Dues are \$25.00 a year (\$30.00 outside the United States — U.S. Dollars)

payable to **THE FALCON CLUB OF AMERICA**

Send to: **FALCON CLUB OF AMERICA**

P.O. Box 113, Jacksonville, Arkansas 72078-0113

Easy CB Radio Installation

I have been traveling to a lot of National and Regional meets the last 10 years or so. One thing we have found makes the trip better is having a CB radio to communicate with the rest of the convoy. It only takes a few minutes to install after the initial installation.

I took an extra Falcon ash tray and mounted it to my CB radio bracket. Then I mounted the CB radio to the bracket. I put a CB radio splitter in the radio antenna line. Now when I want to install the CB, I remove my good ash tray and cigarette lighter, wrap them up in a towel. I slide the ash tray in that has the CB attached, plug the hot line into the cigarette lighter, hook the antenna to the splitter connection under the dash and I am ready for traveling.

That's a big 10/4 good buddy.

— Submitted by Bruce Wolfe

1964 Interior Door Panels

The 1964 interior deluxe door panels for Sprints, Futuras and Rancheros have a wide chrome piece running along the top that wears out a lot quicker than the rest of the vinyl panel. It looks great new, but I've had the unhappy experience of installing a \$300 set only to have the chrome part scraped up and flaking off within a few months on my daily driver.

A inexpensive and longer lasting solution is to apply a wide chrome adhesive-back strip you can buy in almost any auto parts store. The roll is exactly the right width, and two rolls at about \$9 each are all you need to do all four interior panels. It has an amazingly good mirror finish, and takes on the ribbed pattern of the original underneath if you rub it as you apply it. For a more perfect application, remove the interior door panels first.

Looking for an FCA Chapter in your area? Check this updated listing. If you can't find a Chapter close to you, contact the closest Regional Director for more information.

This list is updated and maintained by Joe Tatti, FCA Recording Secretary. Please address all updates or changes to him directly at the address on page 2.

FALCON FAMILY FOTOS

CARL DAVIS and his daughter Carlie both love the 1963 black Sprint hardtop Carl inherited from his dad. Like Dad, Carlie is right at home under the hood and in the back seat with two of her traveling buddies. Carl is one of the founding members of the Southern Coast Chapter. He lives in Palm Coast, Florida.

MERLE BOUGHTON of Oskaloosa, Iowa is selling this 1966 Ford Econoline pick-up. Check out the classified ads for more details. This photo shows what it looks like now. Merle says he is basically giving away the truck, he just wants to get reimbursed for the parts he's bought and work he's done. He's asking \$5000.

— Ed. Note: These pickups are among the most interesting vehicles ever! This one is tempting!

WHEAT STATE CHAPTER

Wheat State Falcons line up for a local car show. The Wheat State Chapter has grown rapidly and has recently expanded their website at <http://clubs.hemmings.com/wheatstateFCA/>. At far right is member John Saindon's very nice 1965 hardtop.

VANCE MORROW's tropical orange Falcon was on the cover of the February issue. He followed up with some close-ups of the unique custom graphics on his hood (and trunk). See the whole car in the February issue. Vance lives in North Port, Florida.

DEN DICKERHOFF

bought his Ranchero from the original owner in 1972. It was a daily driver from 1972 till 1990 when it was put in storage until 1996 when it was totally restored and modified. All work was done by Hot Rod and Custom owned by Randy Clark. Once again it is a daily driver! Just a few of the changes made: New Ford engine, fuel injected, computer control; T-5 speed transmission; 3.93 gears rear end; 4 wheel disc brakes; Corvette power master cylinder; Power steering; rebuilt front end; Dyno Flow dual exhausts; hydraulic clutch; radiator recovery system, new wheel bearings; safety belts; and Deep Iris paint.

WHEAT STATE CHAPTER IS ON THE MOVE

CLIFF MCKAY, President of the Wheat State Chapter sent these photos from various events attended by Chapter members. The Wheat State Chapter is based in Wichita, Kansas and they have a lot going on; they attend and sponsor car shows and FCA Meets each season. Last year the Chapter traveled to Kansas City for a picnic with the Mid America Chapter. This year, they have already had a picnic meeting in Guthrie, Oklahoma with the Sooners, gathering 14 Falcons and 32 people! Now they are putting together a "Regional Picnic" with the Mid America Chapter, Sooner State Chapter and the Mile Hi Chapter. The date is set for Saturday, August 25 in Salina, Kansas. Cliff is in the process of enlisting the help of a local Ford dealer. Contact him for event details and updates at 316-838-7487. See his Falcon on page 17.

OLD STURBRIDGE VILLAGE

NEW ENGLAND —

If you've never been to the East Coast, this year's Falcon National Convention is the perfect time to take that New England vacation. These scenes from Old Sturbridge Village depict life as it was in colonial times. Experience the flavor of a working village from 250+ years ago. You can still register for this historic tour using the form in this issue. If you're from the Midwest or the West, you will notice that everything just seems to be *older* there. Don't forget the regional specialties such as New England maple syrup. Natives argue about which is better, Vermont or New Hampshire, and Massachusetts even has its loyalists. Don't forget to have lots of fresh and delicious seafood — lobster, anyone?

CHAPTER NEWS

HELENE AND CLIFF MCKAY have several Falcons, mostly 1964's and 1965's. Cliff is President of the Wheat State Chapter. He and Helene have attended several National and Regional Meets and are planning to make the trip to New England (in a Falcon, I hear!) See page 10 for more on the Wheat State Chapter.

THE MILE HI CHAPTER had an outstanding turnout for their final cruise last fall with 40 members cruising to Peterson Air Force Base in Colorado Springs. Notice Pike's Peak in the background. This is the second year for the cruise and the weather (and food) were great.

How to Advertise in The National Falcon News

Email your classified ads to: wcrosby63@earthlink.net

NOTE: FCA Members receive two free ads per issue, in different categories. Be sure to include a price. Please limit your ads to 50 words or less. See guidelines below. Please use correct punctuation and capitalization to reduce editing time.

To Advertise: FCA members are entitled to two free ads per issue (limit 50 words per ad). Each ad must appear in a different section of the Classified Ads. Additional ads per category are \$10. each. The FCA will not be held responsible for errors (legitimate errors will be corrected in the next issue when requested). All ads for the classified section must include a members name, location and FCA # to be considered a free ad. All items advertised for sale must have a price. **Ads to run in more than one issue must be resubmitted each month.** Non FCA member ads are \$10.00 ea. Ads must follow the same guidelines as member ads. Picture ads will be an additional \$20.00 per picture. Payment must accompany the ad, with check payable to the Falcon Club of America. **All ads must be sent by mail or e-mail to the Editor, Wendelyn Crosby, 16318 Riggs Rd., Stilwell, KS 66085. NO PHONE CALLS OR FAXES FOR ADS — NO EXCEPTIONS!** If you have Internet access, please email ads to WCrosby63@earthlink.net. Ads must be received by the **first of the month for the following month's** issue. The FCA reserves the right to refuse advertising from any person or business. **ALL ADS MUST INCLUDE YOUR LOCATION. IT'S GOOD TO KNOW WHAT TIME ZONE YOU'RE CALLING.**

STANDARD FCA NATIONAL SHOW CATEGORIES

Stock Category

Falcons entered in this category have historically been thoroughly detailed while maintaining a High Percentage of Authenticity. Most common and accepted modifications in this category are custom or aftermarket wheels combined with radial performance type tires (rather than bias ply). The other noted and accepted modifications are "Sprint" or "Cobra" type air cleaners and valve covers. These two modifications are felt to be acceptable because perhaps the OEM, bias ply tires are not available in the correct sizes and radial tires add a definite safety factor in traction, handling and braking. The newer sized of radial tires also require a rim width that is wider than the stock Falcon wheel. This is the reason many owners choose to run the 14X6 Magnums. or 14X7 Magnums in combination with a 70 series radial tire. The Sprint and Cobra engine accessories are recognized as "True" Ford parts and could be purchased "over the counter" from any Ford dealership. Details really stand out in this category! The engine compartment will more than likely clean enough to eat off in his vehicle, be it a 144/170/200 six or a 260/289/302 eight, will be detailed to the max.

No glaring modifications anywhere on this Falcon. It just looks a little better than the original, the way it would have if Ford could have "Hand-built" each one individually. You may see these Falcons on trailer or driven on a nice day. Several cars of this quality may even be driven on long trips. All in all, these Falcons are built for "Show or Go." At local cars shows across the nation these cars are bringing back the memories of the car that started it all, and bringing home the "Gold" to boot. Classes covering all models of Falcons are available for these "Pristine," but not quite "Concours" vehicles.

Daily/Street Driven Category

This category is perhaps the most important to the future of the FCA and the value of all Falcons. As the name implies, **this category is for those special Falcons that you see on the street every day!** These Falcons are driven at least three thousand miles per year, rain or shine. They are not "Parade Cars" or "Museum Pieces." They take Dad to work and Mom to the grocery. They are often the son's or daughter's first car and are depended on to get them to school every day. Then have felt the pain of parking lots and careless drivers. They are the cars left outside to Make room for Mom's new Taurus; they are also the ones that will

start when the new one refused to face the cold of winter. Definitely not a show car, but for sure A Winner! You won't find a show quality paint job on this Falcon, maybe a nice set of wheels like Magnums or even steel wheels and not quite show quality hubcaps. The engine compartment may or may not be detailed. In all cases it will be as clean as one can keep it. Remember this car is used as it was intended. Several modifications that improve dependability may even be evidenced on this "driver." Maybe an alternator where a generator once resided; one can easily understand wanting a dependable charging system! The beauty of the Falcons in this category is not that they are perfect, but that they are well maintained, attractive vehicles willing to take their proud owners across town, to work, grocery shopping, or wherever they want to go. Classes are available in this category for these Falcons.

Diamond in the Rough

This category is for the Falcon that obviously needs work or is in the process of being restored. It may or not be drivable. It may be in primer or still have the old paint job. The interior may be tattered and torn or partially finished. The body work not completed. The engine needs work. Anyone looking at this Falcon can see it does not fit in any of the other categories but has potential some day.

Modified Category

This category is wide open! You will find Customs, Sleds, Racers, Chopped Tops, Full Frames, Tubs, 4-Wheel Disc Brakes, Monster Tires and a host of other tempting modifications. Engines may be carbureted, fuel injected small block, or even a blown big block. In either case, you bet it is well detailed and more than likely "Bad to the Bone." No engine modification is considered extreme, although all entries must be **Ford Powered** (absolute no Brand X). Paint schemes will vary as much as engine choice. We're talking Metallic, Pastels, Flames, Graphics, Murals or a Super Smooth Single Color over Rolled Pans, Filled Seams and a Sunken Antenna. Interiors may be as stark as a race car or as plush as a new Continental or Town Car. In all cases, the interior will be fitted to suit the owner and fully functional for the application. As can be seen. "Modified" best describes this category of classes.

Masters Category

This category is for the "Purist." The Falcons entered here will really open your eyes and make the mouth water. These cars are as correct as one can possibly make them, right down to the smallest detail. Nothing fancy but all exactly like the factory built it twenty thirty years ago. Correct interior, correct paint color, correct engine transmission combination. Everything the factory data plate indicates is correct. It may have just received a ground-up restoration, or it could be a low mileage original. In all cases, these Falcons are the **"Best of the Best."**

Quality

Ford Parts

Dearborn Classics is proud to announce the release of some new high quality parts for Ford Ranchero, Falcon and Comet!

NEW Items!

Our new Tri-Y Headers for your 1960/1965 Ranchero, Falcon or Comet. Fit great and increase performance. These are the one's you have been waiting for!

And Lastly- the Hotel information. We have secured a limited amount of hotel rooms at the Los Robles Lodge in Santa Rosa for our out-of-town guests. They have agreed to reduce there rates to \$90 a night (comparably low-about \$102 plus the tax) and are directly adjacent to the event at 1985 Cleveland Ave in Santa Rosa. Our contact there has been Monique Lemaire- she has been great and will set you up if you give her a call at (707) 575-5826 or (800) 255-6330.

Liability release must be signed to complete car show or swap meet application: It is understood Sonoma County Falcons for Fun Chapter of the Falcon Club of America assumes no responsibility, nor will be responsible for any damage or loss of car or property during this event.
